Joining them on this landmark occasion were Manish Prasad, President & Managing Director, SAP, Indian Subcontinent and other distinguished seniors from GAIL & SAP, who witnessed this signifi-

Sandeep Kumar Gupta, Chairman & Managing Director, GAIL speaking on the occasion

cant digital milestone.

Speaking on the occasion Sandeep Kumar Gupta, Chairman & MD, GAIL remarked "This is a strategic leap forward that will help us deliver even greater value to our customers, employees and stakeholders."

With this initiative christened "Navodaya", GAIL becomes the first Maharatna

PSU to achieve this milestone. Despite the complexities involved, the implementation and migration has been completed within the scheduled time of one year.

RK Jain, Director (Finance), GAIL highlighting the benefits of this new enterprise said "This transition to a cloud-enabled intelligent ERP system is not about technology – it's about building a stronger, smarter, and more agile enterprise."

This strategic migration involved a full transition from the company's legacy ECC system to the next-generation SAP S/4HANA Cloud, strengthening GAIL's IT foundation for future growth and innovation.
