Subject:	Revision of cost ceiling for reimbursement of lens for Cataract Surgery when undertaken in a non-empaneled hospital
Attachments:	Regulation of Cataract Surgery Exp(non-empaneled)l_04.05.2023.pdf

Dear Sir,

In terms of extant rules, as notified vide Corporate HR IOM No.CO/HR/Pol/P-42, dated 04.05.2023 (copy enclosed), if Cataract Surgery is undertaken in a non-empaneled hospital, the reimbursement for cost of lens shall be limited to the rates agreed with M/s Centre for Sight, New Delhi (a GAIL empanelled hospital), as applicable from time to time. Accordingly, at the time of notification of the aforesaid IOM, ceiling for reimbursement of cost of the lens for Cataract Surgery was notified as Rs.20,850/- per eye or actual cost, whichever is lower.

Keeping in view the revised terms and conditions of empanelment agreement with M/s Centre for Sight, New Delhi effective from 01.01.2025, ceiling for reimbursement of cost of lens for Cataract Surgery has been revised to Rs.23,248/- per eye. Accordingly, reimbursement for cost of lens for Cataract Surgery undertaken in a non-empanelled hospital may be allowed upto Rs.23,248/- per eye or actual cost, whichever is lower w.e.f. 01.01.2025.

Other terms and conditions pertaining to admissibility/regulation of reimbursement of medical expenses for Cataract Surgery will remain unchanged.

Regards,

(Bharat Mehta)
